
ALBERT EINSTEIN COLLEGE OF MEDICINE
Department of Pathology
Hematopathology Fellowship

Position Filled

Description: One-year ACGME-approved fellowship in hematopathology, providing excellent materials and instructors known for their highly personal, one-on-one teaching approach. We have a faculty of specialists with expertise in morphology, molecular diagnosis, immunohistochemistry, flow cytometry, hemoglobinopathies, coagulation, classical and molecular cytogenetics, lab management and other aspects of laboratory hematology. Mastery of diagnostic hematopathology and molecular pathology with research leading to publication is strongly encouraged. Graduates are trained to secure positions as hematopathologists and as directors of hematology, flow cytometry or molecular pathology laboratories.

Requirements: Eligible for AP or AP/CP Board certification.

Stipends: Appointment is for one year. Salary based on the schedule for residents.

Staff: **Howard Ratech** MD, Director of Hematopathology and Flow Cytometry Laboratory; **Linda Cannizzaro** PhD, Director of Cytogenetics; **Christine McMahon** MD, Hematopathologist; **Rizwan Naeem** MBBS, Professor of Pathology, Director ABMG fellowship program, Associate Director of Molecular Pathology.; **KH Ramesh** PhD, Associate Director of Cytogenetics; **Jacob Rand** MD, FACP, Director of Hematology Laboratory; **Yanhua Wang** MD, PhD, Attending Pathologist; **Lucia Wolgast** MD, Associate Director of Hematology Laboratory.

Applications: Send curriculum vitae, three letters of reference, and a brief statement of career goals and research interests to: Howard Ratech, MD, Director of Hematopathology Fellowship Program, Montefiore Medical Center, Surgical Pathology, 111 East 210th Street, F4-063, Bronx, NY 10467
