Dear Dr. Sobel,

First of all, let me thank you for granting me ICPI trainee travel award to attend the College of American Pathologists' annual session at Washington, DC. This is the first time I had a chance to present a poster at this distinguish meeting. I was able to by the air ticket from Winnipeg, MB to Washington, DC to attend this meeting only because of your travel award. At the CAP meeting, I had the opportunity to attend very good courses conducted by well known pathologists of North America. I had the opportunity to network with many pathology residents and pathologists in North America. Overall I had a very good time in Washington and had the opportunity to learn many new facts and strengthen my knowledge by attending this meeting. I can share the new information I received at this meeting with my colleagues at University of Manitoba, Canada. I take this opportunity to thank ICPI for giving this chance.

Sincerely,

Jayantha Herath
