Mark E. Sobel, MD, Ph.D.  
Intersociety Council for Pathology Information (ICPI)  
9650 Rockville Pike  
Bethesda

Dear Dr. Sobel,

I would like to express my gratitude and appreciation to you and the ICPI board for the ICPI trainee travel award, which offset the cost of attending the ASCP resident review course held in April this year at the NIU education center near Chicago.

The course is a great addition to my preparation for both the Canadian and American Pathology board exams. Each and every speaker was engaging, the course material was of high quality and I particularly enjoyed the opportunity to interact with fellow residents from other programs in both the US and Canada.

This was the my first time attending this particular review course and will highly recommend it to my fellow residents. It was a useful and enjoyable experience. Thank you once again for your support.

With sincere regards

Belinda Lategan (MBChB)
