Dr. Sobel:

Thank you! Due to the generosity of the ICPI Trainee Travel Award Program, I recently attended the 2011 American Society for Clinical Pathology (ASCP) annual meeting in Las Vegas, Nevada. During the conference, I attended various educational talks and spent valuable time with fellow pathologists-in-training. Moreover, I presented two case reports at the conference Poster Session.

Funding from the ICPI represented a critical resource to cover hotel and air travel expenses. Specifically, the support from ICPI allowed me to focus my time and available resources towards preparation for the conference Poster Session. I am pleased to report that my poster was recognized as a semi-finalist for the Best Poster Award, and is now displayed in our Department hallway with other publications.

Attendance of this Conference and preparation for the Poster Session was possible in large part to the financial support offered through the ICPI. To demonstrate my gratitude, I have already begun to promote the ICPI and the ICPI website to fellow residents. I applaud the Trainee Travel Award program and the outreach efforts of the ICPI. Again, thank you Dr. Sobel and ICPI for your support.

Sincerely,
