Dear Dr. Sobel and ICPI committee,

I would like to thank you for awarding me 2013 ICPI Trainee Travel Award. This special funding by ICPI was indeed helpful to defray the cost of the CAP meeting held at Orlando.

I am currently a fourth year Pathology resident at University of Tennessee Health Science Center in Memphis. I am an active member of the College of American Pathologists (CAP) and am currently serving on the Resident Forum both as a delegate and a member of the Resident Forum nominating committee, as well as on the CAP meeting credentials committee. I was able to perform diligently my committee duties during the meeting with the help of this funding. CAP meeting being one of the largest meetings of the pathologists, has given me an opportunity to update myself on cutting edge research. I attended lectures delivered by distinguished speakers and seek guidance from the leaders in the field.

I am very sure this CAP meeting experience will help me in my future career as an academic pathologist. I will strongly recommend my colleagues to apply for this award.

Sincerely,

Sohail Qayyum, MD
