2013 Pathology Trainee Travel Award Committee
Intersociety Council for Pathology Information (ICPI)
9650 Rockville Pike
Bethesda, MD 20814-3993.

Dear ICPI board members,

I would like to thank the ICPI for the generous travel grant awarded to me, which has allowed me to attend the CAP 2013 Annual meeting and the fall session of the Resident's Forum meeting.

The CAP Annual Meeting at Orlando, Florida was an inspiring experience for me both intellectually and professionally. I was able to present my research as a poster presentation at the meeting. As a resident pathologist, I am honored that my participation will contribute to pathology education. The meeting was very efficiently organized with diverse and well-balanced schedule of courses given by expert pathologists, and various ceremonies which provided me with tremendous opportunity for learning, networking, and exploring future prospects. CAP has provided me with valuable resources and connections to peers and mentors. The resident's forum meeting specifically, has enhanced my knowledge and approach to many practical aspects of pathology which are not included in most training programs. I was able to gain from the wealth of information regarding pathology board exam, job prospects and the future of health care. This wonderful experience will remain in my memory for years to come.

I would like to, once again, thank you and express my appreciation for your support. I feel very fortunate to have such extremely supportive societies such as yours, to encourage the residents, help us achieve our goals and contribute to healthcare.

Sincerely,

Raveena Reddy, MD
