9650 Rockville Pike
Bethesda, MD 20814

Dear ICPI Board members,

It is a great honor for me to receive the Travel Grant, which greatly facilitated my attendance at the CAP meeting at Chicago, IL, from September 7-10, 2014.

The CAP meeting this year at Chicago was a very productive experience for me. I had five posters in various sub- specialties including Hematopathology, Genitourinary Pathology, Quality Control/ Quality Assurance and Soft Tissue Pathology. I had an excellent opportunity to interact with other pathologists and trainees to discuss and understand their experience in the practice of pathology. There were useful feedback and comments on my posters, which will significantly help improve the manuscripts that follow.

Finally, I did have a chance to network with my peers and other pathologists opening up the opportunity for future collaborations and research initiatives.

In summary, this meeting was a valuable educational and professional experience that will definitely help me in my future career as an academic pathologist.

I would like to thank ICPI for your financial support for making my participation in such an event possible.

Sincerely,

Pallavi Khattar, M.D.
Pathology Resident, PGY3
