**RE: ICPI Trainee Travel Award**

Dear ICPI Board Members,

I would like to extend my deepest gratitude for the ICPI Trainee Travel Award. This award made it possible to attend the 2014 CAP meeting at Chicago, IL, from September 7-10, 2014. I had a wonderful and productive experience.

I started the meeting off with the Resident's Forum where I had ample networking opportunities to meet residents from different programs. I presented two posters one in gastrointestinal pathology and other related to Quality Control/ Quality Assurance. During my presentation also, I met trainees and pathologists. Few of them came up with interesting questions related to my study. Others have useful feedback and comments on my posters.

During the meeting, I was also able to attend seminars in my areas of interest that immensely enhanced my knowledge. The lectures were very informative and various aspects of pathology including recent advances were discussed.

In summary, this meeting was a valuable educational and professional experience. These opportunities and experiences were made possible with this award. I would again like to thank ICPI for their financial support.

Sincerely,

Kavita Varma, M.D.  
Pathology Resident, PGY3  
Department of pathology  
Henry Ford Hospital, Detroit
