Anatomic & Clinical Pathology

Mark E Sobel, MD, PhD
Intersociety Council for Pathology Information, Inc. (ICPI)
9650 Rockville Pike
Bethesda, MD, 20814-3993

Dear Dr. Sobel and the ICPI Board:

I would like to thank the Intersociety Council for Pathology Information (ICPI) for the 2015 Travel Award to attend the United States and Canadian Academy of Pathology (USCAP) Annual Meeting which was held at Boston, MA.

This travel grant allowed me to present my work on:

- “Histopathologic Characterization of High Grade Neuroendocrine Carcinoma of the Bladder Treated by Cystectomy: a Comparison to Typical Urothelial Carcinoma.”
- “Primary Renal Leiomyoma and Leiomyosarcoma: An Analysis of 61 Cases.”
- “Hepatocellular neoplasms arising in association with androgen use.”
- “ERG Expression in Low Grade Hyaline Cartilage Neoplasms: a Potential Diagnostic Tool in the Evaluation of Enchondromas and Low Grade Chondrosarcomas.”

to a broad audience of pathologists from the United States and across the world.

The support provided by the ICPI allowed me to explore multiple opportunities at the USCAP Annual Meeting, particularly the fellowship fair, sub-specialty meetings (International Society of Urologic Pathology) and short courses. I was also able to obtain valuable feedback regarding ongoing projects as well as develop new research collaborations. Overall, I am grateful to the ICPI for allowing me to explore an excellent educational and career development opportunity.

Sincerely,
Sounak Gupta, MBBS, PhD
