Dear Dr. Sobel and members of the ICPI board,

As a recipient of the ICPI travel award, I was able to attend the 2015 annual College of American Pathologists (CAP) meeting in Nashville Tennessee. I had 3 poster presentations and I was also representing my program in the resident's forum.

The 2015 annual CAP meeting was a very productive experience for me. The resident's forum was a great experience. The presentations and discussions were very informative and educational. I also had the opportunity to meet residents and practicing pathologists working in different settings and got to learn more about their daily practice. I also attended many lectures and they were all high quality presentations with outstanding lecturers.

In summary, the 2015 CAP annual meeting was a valuable educational and professional experience that will definitely help me in my future career. The ICPI travel award helped in defraying the cost of my trip to Nashville. Thank you again for making this trip possible.

Sincerely,  
Fatima Zahra Jelloul
