

Sarah Reuss

Brief summary of CAP 2015

I attended the College of American Pathologists (CAP) 2015 annual meeting in Nashville, TN. There I had the opportunity to listen to esteemed lecturers such as John Goldblum, Steven Billings, and Robert Petras. I feel I greatly furthered my knowledge in surgical pathology, especially in the field of gastrointestinal pathology. In addition to educational opportunities, the CAP meeting provided me with the chance to reconnect with old colleagues as well as network with potential future employers. I cannot express how grateful I am to the Intersociety Council for Pathology Information, Inc. for furnishing me with a grant that allowed me to learn and interact with all my wonderful fellow CAP members.
