Re: ICPI Travel Award

Dear ICP Board members,

Thank you for the generous support to attend the 2017 annual Academy of Clinical Laboratory Physicians and Scientists (ACLPS) meeting in New Haven, CT June 15-17, 2017. At this meeting I presented my research on norovirus tropism and pathogenesis. This meeting led to a number of new and exciting collaborations with other attendees and also provided me with highly relevant and up-to-date information on the latest research and developments in laboratory medicine. Finally, ACLPS was a great forum for professional networking. I am very grateful for the support and opportunity provided by ACLPS and ICPI that facilitated my participation.

Sincerely,

Craig B. Wilen, MD, PhD
