Dear ICPI Board Members,

I would like to thank the Board for the opportunity to attend the College of American Pathologists Annual Meeting (CAP16) in Las Vegas. While attending the meeting, I was a presenter (1) or co-presenter (2) of two posters:

1. **Norgan AP**, Hanson C, Pritt BS. Hemophagocytic Syndrome Associated with Disseminated Histoplasmosis in a Patient with Rheumatoid Arthritis.
2. **Norgan AP**, Okeson M, Juskewitch J, Sukov W. Implementation of a Software Application for Pre-surgical and Intraoperative Review of Frozen Section Pathology Cases.

In addition to presenting the posters, I had the opportunity to attend numerous sessions focused on Pathology Informatics, a subspecialty in which I hope to seek fellowship training. These sessions were amazing; both in their content and in the opportunities they offered to meet leaders within the field.

The educational and networking opportunities at CAP 16 were truly world class. I am highly appreciative of the ICPI Travel Award, and the opportunity to attend the meeting.

Sincerely,

Andrew Norgan, M.D., Ph.D.
