Intersociety Council for Pathology Information (ICPI)
9650 Rockville Pike
Bethesda, MD 20814

Dear ICPI Board Members:

I would like to thank you for the opportunity to attend the ASCP 2016 Annual Meeting in Las Vegas, NV. While at the meeting, I presented my poster titled: "*Mucosal-Based Angiosarcoma in the Pharynx of a Patient Treated for Supraglottic Squamous Cell Carcinoma*". During the poster presentation, I was able to network with different faculty and residents. As a first year resident, I learned numerous tips regarding my future career.

I was able to attend lectures with diverse topics such as leadership skills, kidney tumor pathology, benign mimickers of prostatic carcinoma, among others. I am planning to pursue a Cytopathology fellowship, so the interactive cytology conference by Dr. Hoda regarding the Paris System for reporting urinary cytology was very valuable for me.

I feel grateful for your help to attend this meeting. It was a great learning experience.

Sincerely,

María del Mar Rivera Rolón, MD

PGY-1 AP/CP Resident
